ESTABLISHMENT

The Exceptance of challenges, future paths, web building and twinagents.

A long time ago I accepted the challenge of making a difference for the greater good. Knowing it was going to be a solo ride. Everything from that point onwards has been a bonus of a lifetime.

This is documentation stating my acceptance of the journey that has established our relationships. The idea has been actioned and that has grown to grand scales of ideas creating new paths and journeys.

Success comes with responsibilities and I accepted the responsibilities that will come with the growth, planning, development, strategies including the celebrations that lay ahead. I was all in 110% at the start and I will be there till the end of all projects until the next projects kick start.

I have accepted the facts that I won't be able to continue with my projects here in Aotearoa NZ. I can't wait to stretch my legs, to learn and explore the arts history and cultures of the USA and Canada has to offer.

The movement feels right and I know it's the right move to make. To build Manaaki Aotearoa NZ from a stable supportive environment. I have accepted every part of this journey that has lead me to today.

I have accepted the administrator position of Aotearoa NZ until further notice.
